Transcribed From an Internet Presentation by A.J. Lowe

[Comments made throughout a slide appear at the end of that slide in brackets]

Used by Permission

Good evening Ladies and Gentlemen; my name is Alma True Ott.

By way of introduction, I have a Ph.D. doctorate in the field of nutrition and I am also a licenced naturopathic doctor in the District of Columbia, Washington, D.C. and am also inter-active in 39 states. I tell you this just by way of introduction. I am not a practicing naturopathic doctor in Utah; I am not licensed to do so. What I do specialize in is research in the area of nutrition and all things nutrition related.

I need to produce this DVD and video tonight to expose to my listening base, my listening audience and 2,500 of my specific distributors and individuals that I am associated with.

What I feel is perhaps the most important single news story of our time. I am sure as you go on and listen to the facts and the evidence as I'm going to present them to you tonight, I'm very confident that you will agree with this.

Specifically, I'm going to be talking about tonight the Bird Flu hype – the so-called Bird Flu. I'm going to show you tonight how that is not really an accurate term. The Bird Flu is really best described as the 1918 flu pandemic repackaged, rebottled and prepared as a biological weapon. I'm going to show you tonight how that's happened, I'm going to show you tonight how that is perhaps the largest single threat facing America in the next 3 to 6 months.

Before we go into that I'm going to give you a little bit of a background and share with you some of the earlier history that's not going to be on this Power Point presentation,

but to give you a little bit of, to set the stage if you will, to set the table.

I'm going to go back and we're going to talk about what happened in the year 1930 in April. This is from documented archives, easily verifiable data. In the month of May, 1930, a company called Eli Lilly, made a substance called Thimerathol, also known as mercury. This Thimerathol is used in different vaccines since the 1930's. It is what is called an adjuvant*. An adjuvant is something that by definition increases the effectiveness, per se, of the virus or the bacteria that's in the vaccination.

I need to give you a little bit of background as to who the founders of Eli Lilly were that sat on the board of directors at that time. When we go back and look at the directors of Eli Lilly at that time we find a man named Prescott Bush, the father of George Herbert Walker Bush, who is the father of our current president, George W. Bush. We find also that Prescott Bush had a number of very interesting people sitting on the board at that time. The father of Herbert Walker Bush's Vice President, Dan Quale, the Quale family also sat on the board of directors at the time, of Eli Lilly. Eli Lilly in the 1930's published a series of experiments on this Thimerathol product. As I saw the results of this study I was incredibly stunned. They injected the Thimerathol into 22 people with spinal meningitis and all of which die immediately. However, Eli Lilly published a study and somehow claims that Thimerathol was 50 percent mercury by weight. It's completely safe. That's the first stage to be set. I'm linking here George W. Bush's father, George Herbert Walker Bush, his father Prescott Bush to the very first studies of Thimerathol and the vaccinations back in 1930.

In 1972, I found the World Health Organization, also known as WHO, Bulletin No. 47. This refers to the creation of an immune virus and suggests that a useful way to study the effects would be, quote, "To put this virus into a vaccination programme nationwide and observe the results."

Many people and many bio-chemists I have spoken with have theorized that the World Health Organization used the smallpox vaccination programme in Central Africa, first of all for this study and from there that's what into the spread of HIV, the infection coincides precisely with the most intense and recent smallpox vaccination campaign.

So, I'm here to tell you folks that in 1972, that smallpox experimentation was what led to the HIV aids outbreak that is currently devastating Africa, which is currently a problem here in America as well.

In the above-mentioned bulletin says the virus requested would selectively destroy the human T-cell system. This is exactly what the HIV virus actually does. I have set the

stage in 1972 and am showing that this is something that has not just happened in 2007, 2006 and 2008. This has been an on-going series of problems in America. The problem is most American are oblivious and ignorant to what's been actually happening. Again, this is the reason for this DVD presentation tonight.

Let's turn the clock back to the year 1974. A man named Henry Kissinger writes a classified National Security Study Memorandum for the year 2000, 26 years in the future. This National Security Study is entitled, "Implications of Worldwide Population Growth for U.S. Security and Overseas Interests". This report identifies the nation states of India, Bangladesh, Pakistan, Nigeria, Mexico, Indonesia, Brazil, the Philippines, Thailand, Egypt, Turkey, Ethiopia and Colombia as, quote, "Targets for Initial Population Reduction Experimentation." This is to be implemented around the year 2000.

In 1974, also, the Philippines Supreme Court found and ruled that 3 million Filipinos between the ages of 12 and 45 years of age were given a specific test vaccine that ruined their health. Again, who gave this vaccine. It was individuals tied to the Kissinger Report and the World health Organization.

Also, we find that native Americans, Indians, women and black women in the United States also received this experimental vaccine. And we found also that sterility rates in native American women in the U.S. that received this vaccine exceeded 35 per cent. Sterility rates in black women in the U.S. today is over 25 per cent.

We also need to talk about, briefly, what happened in December, 1976. This sets the stage for what we call the Bird Flu Hoax. We also need to look back to something called the Swine Flu Hoax.

In Fort Dix, New Jersey, a U.S. soldier died – the Centre of Disease Control at that time reported to the nation, to the world, on the controlled media that the American people were in danger of facing a "Swine Flu Pandemic" that could kill millions of Americans.

What happened? The exact same thing. I'm going to outline that what is happening today happened back in 1976. The United States Centre for Disease Control mobilized, began purchasing massive mega-doses of Swine Flu Vaccinations to inoculate all Americans if possible. Many, many millions of dollars were spent by our government and enriched the pharmaceutical cartel for this Swine Flu Vaccination.

What stopped it? Simply, that the American people and public had warning voices given to them by honest medical practitioners. The problems that America faced then:

5 per cent of the people that were given this vaccine died immediately! Over 10 percent were maimed, crippled or wheel-chair bound for life! We see that this vaccine for the Swine Flu was deadly: it killed people, it crippled people back in 1976. Lucky for America, Congress stepped in, intervened and stopped this insanity. No more Swine Flu Pandemic rhetoric was issued anywhere in the country. That's a key to understand.

I remember graduating from high school in 1977. I remember watching Saturday Night Live and watching the skits that were put on mocking the Swine Flu. People would get sick and they'd turn into a pig. Dan Ackroyd, Belushi and those guys. It was funny and we laugh about it but it was serious business. 5 per cent of those receiving the vaccine died quickly: 10 per cent were maimed for life.

Let's turn the clock ahead to May, 1987. The Times of London reports on it's front page that "Smallpox vaccine administered by the World Health Organization had in fact triggered HIV aids". Again, going back to 1974 and Kissinger's secret memorandum, we find, and this is repeated and validated by The Times of London, that it was United States manufactured smallpox vaccine that triggered the HIV aids epidemic. The same article showed that 100 million smallpox vaccinated Africans are at high risk for HIV aids. The Times reports that the areas with the highest vaccination rates of smallpox vaccines, showed the highest HIV aids rates worldwide.

Robert Gallo, who discovered, the man given credit for the HIV aids virus detection, firmly defended those figures in debate and said, quote, "The problem we have is all aids researchers are keeping their mouth shut. Why? Because they are paid high sums to do so."

November 28, 2002 A rider tacked on to the Homeland Security Bill, amazingly, confers immunity from liability prosecutions to Eli Lilly, Sanofi-Pasteur and all other manufacturers of vaccines!

Why would this be tacked on to the Homeland Security Bill, the Patriot Bill, giving complete blanket immunity from liability prosecutions Eli Lilly, Sanofi-Pasteur specifically and other manufacturers of vaccines?

We need to set the stage here –

There's many, many, other instances where the World Health Organization is largely funded by the Rockefeller Foundation, Ford Foundation, and the Rothschild Group in London, to absolutely control population for specific, political purposes worldwide.

There is no doubt in my mind whatsoever – I can go on for the next half an hour to show specific programmes designed to kill large amounts of people, and they do this, in every single case by means of vaccination introduction.

We can see a pattern of *modus operandi*: introduce a vaccine to unsuspecting population centres, cause massive sickness, massive death, massive panic, massive chaos, and then they step in and have the agenda completed. It's the same old problem, reaction scenario. They create the problem, they dictate the response and then they have the prescribed action already made.

So, with that as a backdrop, let me go right into the presentation tonight. It's entitled, "The Bird Flu Hoax Exposed!"

Power Point Presentation

Slide 1

The Bird Flu Hoax
EXPOSED!

Slide 2

UNPRECEDENTED FEAR-BASED RHETORIC NATIONWIDE

"Made for TV Movie" depicting millions of deaths, and hospitals over-run with sick.

Talk show "guest experts" explain the coming catastrophe and its economic devastation.

Mike Leavitt's Health and Human Service Department [HHS] receives \$4 BILLION DOLLARS to "Prepare" for the "Inevitable Pandemic".

[I'm sure that we can all agree that in the past three to four years what I would call unprecedented fear-based rhetoric generated nation wide. Many Americans saw in 2006 "Made for TV Movie" hospital workers becoming ill, doctors becoming ill, sick people lining up outside the door of hospitals, blocks and blocks wide without anybody to take care of them.

Talk show hosts, Oprah Winfrey, for one Again, I emphasise economic devastation on America.

We see ex-Utah governor, Mike Leavitt. Unprecedented rhetoric and hype.]

Slide 3

TRUTH!

Wears no Mask, She Seeks Neither Place nor Applause, Bows to no Human Shrine!
She Only Asks a HEARING.

[I want to say a few words about what I'm going to present tonight. It may not be popular, it may not be politically correct and it's going to go against what you see on the nightly news and TV channels. We're going to talk tonight about Truth.

That's what I'm going to be doing tonight, giving Truth a hearing. I'm not asking anybody to believe what I'm saying, I'm not asking anybody to follow True Ott in a crusade of any kind. I'm not asking that. I'm just asking you to listen and give a hearing to what I believe is Truth, important Truth that can save your life and save your loved-ones lives as well.]

Slide 4

SHOULD AMERICA BE CONCERNED??

Fear, PANIC, and "Terror" are largely caused by ignorance. Once a topic is completely UNDERSTOOD – there is much less anxiety.

This Presentation is primarily designed to explain the BIRD FLU with LOGIC in order to help reduce fear.

I would submit that the individuals who have CREATED THE PANDEMIC THREAT are the REAL DANGER facing America today.

[Let me just submit this. Let me emphasise that the root word of pandemic is the word panic. Panic and pandemic are synonymous.]

Slide 5

What Exactly is the "Bird Flu"?

The "Bird Flu" is a slang term given to a specific strain of influenza virus – specifically

“H5N1” virus unique to birds.

Virologists have long determined that normally, “H5N1” is unique only to BIRDS, and is found naturally in most wild bird populations with zero mortality and is not typically passed on to humans.

Only when bird populations become overstressed due to massive contamination of environment or over-population does the cellular TERRAIN of the flock change, causing the virus to become dangerous or lethal to birds. When a bird dies, the virus evolves into a fungal parasite helping to decompose the bird’s flesh. This is when “mutations” are most likely to occur.

[Let’s look at it scientifically for just a minute. In biochemical terms, biological terms, it is called H5N1 because of its RNA and DNA structure. Virologists now this is going back to the 1910’s-1920’s. Let me emphasise this, it is not typically passed on to human hosts. The internal working of the birds change. Let me emphasise, a virus is the seed, the spore of a fungus. That’s what a virus is, as opposed to a bacteria which is a living one cell organism. A virus is a microscopic seed or spore of specific funguses. So when the virus evolves and gets to infect a whole bird population it helps mother nature to cull the flock, to bring it back into the balance that is necessary to keep the bird genes itself intact. The humble parasite that evolves from the influenza, H5N1, really helps to rapidly decompose the bird as well. It’s part of nature’s plan. The virus and the fungus have been with the bird population since the day they first began to swim and fly. It’s part of the system, part of the eco-system of nature. It should not be feared, should not be something we fear as a country, as a nation.]

Slide 6

So, Why all the HYPE?

THE ONLY WAY THAT THE H5N1 BIRD INFLUENZA VIRUS CAN BECOME LETHAL TO HUMANS IS PROLIFERATION OF MUTATIONS BECAUSE OF SPECIFIC ENVIRONMENTAL TOXINS!!!

These “mutations” would never occur naturally – keep in mind that the “H5H1” virus is one of over 1,500 naturally benign viruses which are part of nature’s life cycle. H5N1 has been a part of planet earth for many thousands of years without causing human deaths!!!!

[Toxins such as PCP’s and other types of neurotic gases and toxic chemicals can cause

mutations which can jump in from the bird to the human population.

I've got to emphasise that these "mutations" do not occur naturally. It is only when we see human introduced toxins, where human have messed with mother nature basically that we see these "mutations" happen. Did you know that there are over 1,500 different viruses that are benign to humans, absolutely benign? An example is the Pavo virus of a dog. A puppy gets it, it is deadly to a puppy. Humans have no effect on this virus whatsoever. Just like the Pavo virus, H5N1, has indeed been a part of planet earth for many, many thousands of years without causing massive human deaths or human "pandemics".]

Slide 7

What About Other "Pandemics"?

Just like other "host-specific" viruses such as H5N1 Avian flu, Humans have seasonal influenza viruses as well. These viruses are designed to help the human immune system stay vibrant and healthy.

Once again, only when outside pathogens are introduced, do these viral organisms "mutate" into deadly toxins.

[Now, wait a minute, didn't we have a "pandemic" in our history back in 1918? Yes, we have had. Let me explain that to help you understand that because I promise you, you won't hear a talk show host talking about H5N1 Bird Flu without bringing home the fact that millions of Americans died from the 1918 "pandemic". Americans, human beings all over the world have many different strains of viruses that affect humans negatively. Let me just tell you that. Just like the Bird Flu in birds, the only time the influenza virus become deadly to humans is when the human body is toxic as well. When the human cellular terrain is out of balance. We really shouldn't fear a seasonal influenza virus at all. Americans have been programmed in their minds, "Oh, golly, we need to get an influenza shot every single winter. The flue season is coming. Line up! Get to your local Mormon Church Stake Centre or wherever and get your flu vaccine. Get it done!"

Folks, this is the truth you need to know. You've got to know this about the 1918 "pandemic". Let's look and see exactly what happened back then.]

Slide 8

The TRUTH About the 1918 “Pandemic”

Between 1900 and 1912, researchers funded by John D. Rockefeller began mass vaccination campaigns. Primarily aimed at smallpox vaccination injections eventually evolved into influenza injections as well.

In 1914, “The Great War” begins in Europe.

U.S. enters WW1 in early 1917 as President Wilson declares war on Germany following the sinking of the Lusitania. U.S. “Training Bases” are established in Spain.

[Not many American wanted to voluntarily have a needle poked into their arm with some kind of germs being put into them. Here’s where the first forced or mandatory vaccinations began to plague America.

The Lusitania was equivalent at that time to the Titanic, a massive, wonderfully built and equipped, luxury cruise liner. This was sunk by German U-Boats and great outrage occurred in the United States and Britain over its sinking. When the U.S. finally entered the war on the side of Great Britain and France in early 1917, the nation of Spain allowed the United States military to establish “Training Bases” on Spanish soil.

This is important to understand when you realize that the 1918 virus pandemic was called the “Spanish Flu”. This is the key to understanding where it got its name from, where it originated from in Spain, specifically from the U.S. military bases in Spain.]

Slide 9

America Mobilizes for War Effort

In the Spring/Summer of 1917, America goes into full production of war material. American men are drafted into military service and deployed for training in Spain.

ALL NEW RECRUITS ARE GIVEN MANDATORY VACCINATIONS – one of which is a broad-spectrum INFLUENZA VACCINATION.

Rockefeller makes millions in vaccine sales while consolidating STANDARD OIL contracts worldwide.

[Bullets, tanks, machine guns, all these mechanized warfare inventions were produced.

For the first time American men are drafted, forced basically, into military service. This is very important to understand. For the first time in American history, all new recruits, Army, Navy, Marines, Air Force, are given mandatory vaccinations.

These service men did not have a choice. Either they got the vaccination or they went to the brig for 5 or 10 years in incarceration.

The tragedy is to me, the manufacturer of this forced vaccine is a man named John D. Rockefeller. He made billions and billions from his contract war profiteering that he did. I'm going to show you specifically what happened at that time.]

Slide 10

Influenza "Pandemic" Begins at Spanish Training Bases – 1918

Following mass vaccine injections, U.S. soldiers are crowded into troop ships and sent to "train" in Spain. Seasick and stressed soldiers aged 18-34 exhibit influenza symptoms on the voyage.

Immediately after arriving in Spain, U.S. soldiers are trained for the various forms of GAS they will experience in the trenches in France.

Exposure to these toxic chemical gasses cause the live cell influenza cells injected into the soldiers to MUTATE into an extremely lethal form of virus.

Millions of young, healthy men and woman aged 18–34 die worldwide as a result of VACCINATIONS combined with UN-NATURAL CHEMICAL EXPOSURE.

[Between 1918 and 1920 it is estimated that 50 million people worldwide died, for what? How did this pandemic begin and what caused it? Let's take a look at it.

I challenge any public health researcher, any medical doctor, any vaccine purveyor and injector, I challenge them publically to show me where this information is false, where it is misleading, where it is untrue. I challenge you publically to debate this.

Entering into these close-quartered bunks, with rough seas, caused many to become seasick and very stressed. They know they are going to war, they are not happy leaving their families, leaving their loved-ones, many of them have never been away from home, they were homesick as well, the stress and the reaction to these untested vaccines, was evident in the death rate of soldiers, even making the voyage across. It

was unprecedented in sickness, full-blown flu symptoms, ranging from diarrhea to chronic constant vomiting, headaches, fever and chills was the norm, not the exception in those troop convoys and troop ships heading overseas.

All you have to do is read letters home, read journals, diaries, entries of these soldiers, and it was literal hell in that six weeks of mobilization.

When you've got the massive vaccinations of influenza and then having the stress of the terrain of these young recruits aged 18 to 34, they see that they have the flu being passed back and forth, back and forth, and each time it passes back and forth there's a little bit of mutations going on. Then the U.S. soldiers hit the bases of Spain. What happened there?

Reports had it that drill sergeants, at 4 o'clock in the morning, to the sleeping, sick men in their barracks bunks, would throw live canisters of gas, an alarm would ring and they would jump immediately getting into their gas masks and protective suits. But you see that they had time to breathe in small amounts of these toxic mustard gasses and different forms of experimental gasses and that is what caused the mucus membranes of the lung material and the virus that was infecting the lungs to mutate into what arguably is the most deadliest form of influenza virus the world has ever seen and will probably ever see again.

Tragedy absolutely.

Folks, there was not a single American family in the years 1918, 1919 that did not have a friend or loved one aged 18 – 34 die. Every family in America bought black wreaths at this time.

Absolutely tragic, because of a bad vaccine!

And this truth will never be told to you on the CBS evening news but it is absolutely true, nevertheless. This is something that everybody in America needs to understand today.]

Slide 11

Germany is Defeated!

Following the end of "The Great War" - The heads of the various multi-national banks met in conference at San Remo, Italy in 1924 for the purpose of placing war reparations

on Germany. John D. Rockefeller and the Rothschild families greatly consolidated their wealth at this time. (They funded both sides of the war.) Soon after, Rockefeller officially formed a French oil conglomerate on March 28, 1924 and named it "Total" and it was, very literally, the "French Company of Petroleum" aka CFP. Rockefeller's TOTAL was then awarded a controlling interest (Deutsche Bank's stock) in the Turkish Petroleum Company located in Baghdad (renamed eventually the IRAQ PETROLEUM COMPANY which was eventually confiscated and nationalized by Saddam Hussein in 1990.) Today, TOTAL Inc. is a true multi-national mega-corporation. Total operates in more than 130 countries and has over 110,000 employees. Not surprisingly, two of TOTAL's prime, wholly owned subsidiaries are the Pharmaceutical giants - Sanofi Aventis and Sanofi Pastor – world leaders in the developing and testing of EXPERIMENTAL VACCINES manufactured primarily in CHINA!!!

[As is commonly the case, the victor nations, specifically the bankers who made the loans to both sides, the heads

German and Austria, which was massive, they had massive wealth and holdings across Europe.

Let me just re-emphasize a little bit of World War I history. The Archduke of Austria was assassinated. The main warring parties in World War I, the main ally of Germany and Austria was what was then called the Ottoman Empire, which included the nation states of Turkey, Greece, Iraq, Iran, and all of Persia at that time; in fact, all of the Middle east at that time was part of the Turkish Ottoman Empire. As part of the breaking up of the interests of the loosing factions, the Turkish Ottoman Empire was broken up into multi-national companies. The Turkish Petroleum Company was the massive, only real competitor to Rockefeller's Standard Oil, worldwide. This was their main competitor and because of the war reparations it all fell as a low hanging plum right into Rockefeller's hands. It became known as the Iraq Petroleum Company. This was eventually confiscated and nationalized by Saddam Hussein in 1990. This led to a lot of bitter in-fighting George Herbert Walker Bush. This is why George Bush Senior had a vendetta against Saddam Hussein, more than anybody else.

Remember at the outset I told you about experimental vaccines, specifically smallpox vaccines that Kissinger made clear would be introduced into different areas of the world for "population control" – and it's in that vaccine manufactured by Sanofi – Pastor that we find the HIV aids virus cropping up. Keep that in mind as we go through this presentation.

TOTAL's World Headquarters in La Defense, Paris, France

[This is and absolutely incredible, beautiful, shining, glittering chrome and glass building.

Total's corporate logo is really interesting as well. It is a veiled all-seeing eye, much like the CBS Evening News eye and the veiled covering of the eye, which to me signifies covering the entire globe. A true multi-national giant.

Chances are very good that most Americans have never heard of Total. Most Americans do not know of Total's ownership by the Rockefeller Group.]

Slide 13

TOTAL's Corporate Logo:
A Veiled "All-Seeing Eye" Covering the Globe

Slide 14

What is Causing the H5N1 Virus to Infect Humans?

ALL HUMAN CASES OF H5N1 HAVE OCCURRED IN AREAS OF THE WORLD WHERE BIRDS ARE IN ABNORMALLY LARGE CONCENTRATIONS (such as factory farms) – AND WHERE RESIDUE OF TOXIC CHEMICALS ARE CONCENTRATED IN HIGH AMOUNTS!!!!

Examples: Mainland China's Factory Poultry Farms, and Vietnam – specifically where thousands of gallons of Monsanto chemicals such as Agent Orange were massively dumped following the Vietnamese War!

[So, is H5N1 really a problem? Has it caused infection to humans? Yes, it's safe to say that some 300 and something odd humans have been infected by the H5N1 Bird Flu. All these cases have occurred in areas of the world where the birds are abnormally, unnaturally concentrated together in large factory farm areas and also where large amounts of toxic chemicals are concentrated in high amounts.]

Slide 15

Good News vs. Bad News

GOOD NEWS: Influenza Viruses soon revert to their benign state within 2 years of mutations if left to nature's design. Fortunately, this is exactly what happened with the 1918 mutated "Spanish Flu".

BAD NEWS: Modern bio-science now has computers to map and track the specific viral “genome sequence” in order to “customize” a virus for military use. This is today called a “Biological Weapon.”

[Good News: If the toxic chemicals around them are eliminated as well.

From 1920 there was no more death and dying from this terrible pandemic. Mother nature let it go back to its benign state.]

Slide 16

SOOOO – WHY ALL THE HYPE?

Keep in mind the TRUTH about the “Bird Flu”. To date, there have only been around 300 human cases identified WORLDWIDE, with only 120 deaths. There are 6.7 billion humans on planet earth. This equates to a statistical infection rate of .000000004215 per cent. In other words, statistically speaking, you are over 100,000 times more likely to be hit by lightning in your home than to contract the “Bird Flu” – unless of course there is an ESOTERIC (hidden) AGENDA working here.

Why, then, is Mike Leavitt’s HHS and the Bush Administration spending BILLIONS of Dollars preparing each of the 50 States for the “INEVITABLE BIRD-FLU PANDENIC”??? The possible answer may SHOCK you!

[Why spend all these billions of dollars? The possible answer that I have come up with – it shocked me. I submit, it will probably shock you. So, please, sit back, for the rest of the DVD, tighten up your safety belts, your seat belts, for a wild roller-coaster ride. It’s going to shock you, but it’s incredibly important that you understand it.

To understand what’s happening we need to analyse and understand what’s called a timeline.

Slide 17

“Bird-Flu” Timeline Analyzed

In order to answer the “Why” question, one needs to analyze the sequence of events leading to the “Bird-Flu” hype.

March, 1997: Zero “Bird-Flu” – no confirmed “H5N1” human cases anywhere. The

U.S. Armed Forces Institute of Pathology based in Rockville, Maryland at Ft. Detrick (i.e. the research centre for biological weaponry) commissions one Dr Jeffery Taubenberger to lead a research team to ISOLATE the 1918 Flu Virus' genetic code. Why? This strain of influenza virus is arguably the most lethal germ in terms of mortality percentages vs. infection – far more deadly than smallpox and much cleaner than weapons-grade anthrax for use as a potent “biological weapon”.

[You see, anthrax is deadly but when you spray it out through aerosol containers and you kill millions of enemy people in a country you want to cleanse – you cleanse the country from people but you permanently contaminate the soil, the house, the clothes, the furniture – everything that is in that country is uninhabitable for centuries and centuries later.

So anthrax is limited, but the influenza virus, the virus being the seed and spore of a fungus, does not infect the soil, does not infect the atmosphere, it just effectively kills people.

This is much more effective than weapons grade smallpox; much more deadly.

I need to also emphasise, there's a biological weapon, this 1918 virus is most deadly in the healthiest part of the population, specifically, young people, men and women between 18 to 35 and the healthier you are, the more in shape you are, the more muscular you are, the more trained you are, the more deadly it becomes.

Again this is another reason why. It's a very, very important biological weapon.

Invading armed forces don't need to worry so much about the old, senior citizens – they're in nursing homes, or the young kids in grade school, they're not trained, those are not the dangers to a invading force. It's the age group, the demographics, 18 to 35. Eliminate those from the population and conquering the country is quite simple and easy.]

Slide 18

Timeline Continued

August, 24, 1997 – Brevig, Alaska. Research Team member Johan Hultin sends remarkably well-preserved 1918 flu virus specimens from a frozen body killed by the 1918 flu, to Dr Taubenberger's lab in Maryland. Days later, Taubenberger detects the genetic fragments he was searching for.

The virus' RNA-based gene fragments were analyzed by computer sequencing in order to reveal the COMPLETE GENETIC CODE. Even with a super computer, this code sequencing will take years to complete.

[He found this virus from a victim of the 1918 flu that was buried in a shallow grave in the perma-frost and never really thawed out. It's like putting it in an incubator, a frozen container.]

Slide 19

Timeline Continued

October, 2003 – Taubenberger's team finally deciphers the deadly virus' entire genetic code – completing a 6 year project. Noted virologist and Taubenberger colleague R.G. Webster published article in American Scientist Magazine declaring: "The world is teetering on the edge of a flu pandemic that could kill a large fraction of the human population."

November, 2003 – George W. Bush issues Executive Order 13295 on "Bioterrorism" – makes individual AMERICAN CITIZENS subject to "UNRESTRICTED APPREHENSION AND DETENTION" in the event of an outbreak of disease.

[Remember what happened on September, 11? Right after that we had smallpox vaccines that were given to the troops that were contaminated. Do you remember that? Do you remember what happened? There was some weapons grade anthrax originating from Ft. Detrick that somehow got mailed to certain members of Congress and certain members of the media. It created quite a panic and terror at that time. Americans were uncertain what to think. "Oh, golly, we just got attacked by terrorism. We've just got engaged in a war on terror. We're out, invading now, Afghanistan, and in 2003 we just invaded Iraq because of the "war on terror." Right?

For the first time Americans can be rounded up, apprehended and incarcerated, just like what's going on right now in Guantanamo Bay, Cuba – just because of an outbreak of disease on American soil.]

Slide 20

Timeline

April, 2005 – George W. Bush “amends” the language of his 2003 Executive Order 13295 specifically detailing the event that would make individuals “subject to unrestricted apprehension and detention” as influenza caused by novel or re-emergent influenza viruses that are causing, or HAVE THE POTENTIAL to cause a PANDEMIC.”

[Let me again re-emphasise. Here’s this Executive Order making individual American citizens subject to arrest, without trial, detention for as long as is deemed necessary, for what? For influenza caused by a novel, which means “new”, or re-emergent influenza virus.]

Slide 21

Timeline

August, 2005 – The Team inserts plasmids into human kidney cells which then transfers human DNA into the virus making it “human specific”. The deadly 1918 virus that killed millions, and nature reversed its deadly nature, is now ready for use by conspiring men.

September 9, 2005 – The United Nations in New York City issues a shocking world-wide press release. They introduce David Nabarro as the “UN System Senior Coordinator for Avian, Human Influenza”.

September 29, 2005 – Fear and Panic begins when Nabarro issues an “Official U.N. Warning” that “an outbreak of ‘avian influenza’ would kill between 5 million and 150 million people on each continent”.

[Bush amends his Executive Order in April. Guess what happens in August? The Team

The UN is largely Rockefeller’s vision and Rockefeller himself and his family donated the land in New York and built the actual United Nations Centre now. It’s a Rockefeller controlled institution.

Not may, not could, not has the potential to, no, he says, “would” kill.]

Slide 22

Timeline

October, 2005 – President Bush’s newly appointed Secretary of Health and Human Services, Mike O. Leavitt of Utah begins Pandemic Bird Flu preparations in earnest.

December, 2005 – Bush solicits Congress for \$7.1 billion to fund his “preparations” - \$3.3 billion is immediately allocated to Leavitt. The HHS “candy store” is officially open for business.

January, 2006 – Leavitt launches website – pandemicflu.gov. Here he declares, “Let me be clear. It is only a matter of time before we discover H5N1 in America. The migration patterns of the wild fowl that carry the virus makes it appearance here almost inevitable!”

January, 2006 – The Chinese host the “International Pledging Conference on Avian and Human Influenza” in Beijing. The purpose? China extracts massive sums of money from the West – Leavitt commits \$334 million in funds to aid China’s research into “vaccine development”.

[Let the propaganda games begin.

Governor Leavitt, Secretary Leavitt, for heavens sakes, H5N1 is already here. You take any virologist, who studies the blood and structure of bird populations. H5N1, in its non-toxic, non-lethal state is already here. It’s already her in Utah. Its already here in America. It’s just not going to affect humans. It hasn’t before and without help from you, it never will.]

Slide 23

Timeline

January 24, 2006 – Department of Homeland Security awards KBR, a Halliburton subsidiary, once controlled completely by VP Dick Cheney, a \$385 million dollar federal contract for U.S. Detention Centres. (ie. Concentration camp prisons across the U.S. mainland in every state.)

[Isn’t this an interesting side note?

These detention centres are built on the same scale and model as Guantanamo Bay, Cuba.]

Slide 24

Timeline

March, 2006 – In an unprecedented move, Leavitt's HHS allocates massive funds to a private television network and a "made-for-TV" movie is produced on the "Bird Flu". Leavitt jokes that he wants "the handsomest actor" to play his character. (Keep in mind that as governor of Utah, Leavitt strongly promoted Chinese business interests, meeting often with Chinese delegations visiting SLC.)

March, 2006 – Leavitt declares on HHS website (just as John D. Rockefeller declared in 1916) "The best defence against influenza is VACCINATION." He further declares, "The current U.S. capacity for manufacturing egg-based vaccines is not sufficient to supply OUR ENTIRE POPULATION. HHS is supporting research into human kidney cell-based vaccine manufacture of producing vaccine domestically. In April, 2005, HHS announced a \$97 million contract for the development of cell-based flu vaccine." Chillingly, Leavitt then declares: "The FDA can use its Emergency Use Authorization authority to permit the use of unapproved products if there's a reasonable belief the products may be effective."

[Leavitt travelled extensively with the so-called U.S. China Business Council, with one Donald L. Staley of the Mormon Church Seventy as head of that. So much has been done by Mike Leavitt, Donald L. Staley, the LDS church leadership and others to promote U.S. China business concerns, it's absolutely unbelievable.

So, you, see, clearly he wants to have every man woman and child vaccinated for this so-called, non-existent, Bird Flu.

April 2005 is the same month George W. Bush changed his Executive Order to specifically list influenza as the cause, as the reason, for filling up these prison bases.

Again, who determines this "reasonable belief"? Which scientist? It is Mike Leavitt himself who declares this "reasonable belief"? And since when is belief taking precedence over scientific evidence?]

Slide 25

Timeline

December, 2006 – New York Times reports Gulf War Syndrome is "POSITIVELY LINKED TO VACCINATION OF VETERANS".

Over 100,000 vets contracted the “syndrome” during the 1991 “Operation Desert Storm”.

Over 20,000 vets have died to date from this “syndrome” triggered by toxic “squalene” a vaccine “adjuvant”.

All modern vaccines contain “squalene”, this toxin.

[Here we have the New York Times reporting that this Gulf War Syndrome is absolutely linked to the vaccination of veterans.

..... this toxin, especially the vaccines produced by Sanofi-Pastor in France.]

Slide 26

Timeline

April 17, 2007 – The Food and Drug Administration (FDA) branch of Leavitt’s HHS Bureau utilizes its Emergency Uses Authorization authority and awards a licence to produce H5N1 “Bird Flu” vaccines to Sanofi-Pastor. The approval letter states: *“We have approved your Biologic Licence Application (BLA) for Influenza Virus Vaccine H5N1, effective this date. You are hereby authorized to or deliver for introduction into interstate commerce Influenza Virus Vaccine, H5N1, under your existing Department of Health and Human Services U.S. Licence No. 1725; however, we acknowledge your statement provided in your submission of April 5, 2007, that Sanofi-Pastor Inc. does not intend to licence this product for commercial distribution, since it was produced under contract to the U.S Department of Health and Human Services as part of national pandemic preparedness initiatives. Influenza Virus Vaccine, H5N1, is indicated for active immunization of persons 18 through 64 years of age at increased risk of exposure to the H5N1 influenza virus subtype contained in the vaccine.”*

[Let me re-emphasise what that’s saying. First of all we get the date, April 5, 2007, as the letter first applying for licencing – 12 days later it’s approved. That must be some kind of record. Most vaccines, such as Gardasil, the Human Papillomavirus [HPV] - Gardasil vaccine took a decade and hundreds of millions of dollars in human clinical testing and trials before they got an FDA approval letter of this nature. Yet Sanofi-Pastor gets it in 12 days, with no testing, no human clinical trials, no double blinds, not even any animal testing! And we also learn from this letter that this was a contract by the U.S. Department Health and Human Services to provide it. In other words, the Health and Human Services designed, or prepared the need, made the need, for such a

vaccine. Does anybody see the problem here? Here is a massive vaccination programme worldwide being planned and plotted for a disease that to date has only infected 300 people. Why are you preparing such a massive, untested, untried vaccine for the American public for a disease that hasn't even arrived yet? It hasn't even have a world impact yet, and probably never will.]

Slide 27

Timeline

November 26, 2007 – Leavitt and the HHS ordered 100 million H5N1 “vaccines” from Sanofi-Pastor. Expected delivery date, August, 2008. Sanofi-Pastor issues a press release announcing the very lucrative contract (100 million vaccines x \$15 USD) and declares that the cell-based vaccine will be mass produced in the company's CHINA facility – then shipped to Stillwater, PA for hypodermic syringe-friendly packaging. All of this done WITHOUT HUMAN OR ANIMAL TESTING!!!

January, 2008 – Covert ‘human trials’ of Sanofi-Pastor H5N1 vaccines are conducted on 350 homeless vagrants in Poland. According to London Examiner article, this results in 21 immediate deaths (in subjects 18-36 years of age) and over 200 severely incapacitated or hospitalized showing that the “vaccine” is indeed highly virulent and DEADLY! This doesn't stop HHS from stockpiling the “Vaccine” however.

[Animal testing, peer reviewed, double blind and studied.]

Slide 28

Timeline

July, 2008 – 39 States Pass MSEHPA – The “Model State Emergency Health Powers Act” following the lobbying and extensive pressure of the Bush Administration and Leavitt's HHS. Under this ultra-draconian “law”, the federal and state governments now have the “right” to force examinations of individual citizens, isolate the ill, QUARANTINE in specially designed encampments anybody subjectively deemed to have been exposed or who REFUSES VACCINATION, (it becomes a FELONY OFFENCE to refuse the untested Sanofi-Pastor CHINESE vaccine), and allows the state to confiscate PRIVATE PROPERTY.

[This could include -]

Slide 29

Timeline

August 1, 2008 – The “Model State Emergency Health Powers Act” passed in 39 states make drug treatment and inoculation mandatory once a Pandemic is subjectively declared.

Unlimited quarantine without review is mandated under this “law” for those who dare to resist inoculation.

Fully staffed, yet empty “detention centres” are built all over North America. The largest, in Alaska, is said to have a 2.5 million person capacity.

[I would just challenge anybody listening to this, Google on the internet, or go to your public library, find out if your state has passed The “Model State Emergency Health Powers Acts, and if it has I challenge you to read it: download it, read it! And then try not to weep. It’s the most incredible Draconian piece of legislation that I’m sure you’ll ever read.

Again, it called for unlimited quarantine, without review, in other words without a judge ordering it, without a jury of your peers. Unlimited quarantine, without review is mandated under this law for those who dare to resist forced inoculations.]

Slide 30

The China Connection

Mainland China has long been a “safe haven” for international bankers such as Rothschild. Since the 1880’s, it has also been the primary site of pharmaceutical drug manufacturing. Wikipedia states: *“The involvement of many foreign pharmacy enterprises operating in China can be dated back to a century ago. Bayer of Germany began trade with China in as early as 1882 before it became known as I.G. Farben. Hest, known as Aventis, sold its products through 128 distribution agents across China in 1887, becoming China’s No. 1 Western medicine and dyeing provider. The U.S. Eli Lilly & Co. opened its first overseas representative office in China’s Shanghai in 1918. ICI, the predecessor of the world’s No. 3 pharmacy enterprise Astra Zeneca began trade with China in 1898, and still maintained its old-time office by the Huangou River in Shanghai.*

As of 2007, there are 1,800 foreign-funded pharmaceutical enterprises in China! In

Latin, Pharmacy literally means SORCERY!

[Sanofi-Pastor, Eli Lilly and most other large manufacturing concerns have been manufacturing pharmaceutical drugs in China for many, many decades, if not centuries.

I.G. Farben is the Nazi manufacturing giant.

Where did we hear the name Aventis? That is Rockefeller's Sanofi-Aventis owned today by TOTAL.

They were trafficking in opium, in China's Opium Wars in the 1880's.

Who runs Eli Lilly? George Bush, Prescott Bush, the Quale family.]

Slide 31

The China Connection

China was occupied by the Japanese during WWII. Following the surrender of Japan – two opposing forces struggled for political control of China – Communist forces under Mao Zedong (financed by Marxist/Leninist Wall-Street “Zionist” International Bankers including Rockefeller/Rothschild) soundly defeated forces for freedom and democracy under Chiang Kai-shek – who eventually was exiled to the Island of Formosa, known today as Taiwan.

The model of the “New World Order” promulgated by modern “Zionists” is nothing short of the communist model outlined by one Karl Mordecai – who later changed his surname to MARX. Marx declared that eventually, Marxism would rule the entire world.

Slide 32

The China Connection

According to dissidents such as Harry Wu, et al, China used mass PRISON LABOUR in their various factories that churning out goods for sale in America. This includes pharmaceutical factories. The end result is relatively cheap goods that displaces American factories and makes people like Sam Walton's WalMart Inc. fabulously wealthy.

China's human rights record is dismal to say the least. Today, individuals are sentenced to labour prison for posting politically incorrect e-mails to friends or family.

Question: IS AMERICA CLOSER TO CHINESE-BRAND TOTALITARIANISM SINCE SEPTEMBER 11??

Slide 33

The China Connection

International "Zionist-Communists" desire a :New world order; that they dominate. The REPUBLIC of America cannot co-exist with such a diseased mindset. They know this, so America must be "cleansed" before it is conquered. How can this best be done? Would not a "natural" pandemic that sickens and kills HALF of the American population be a perfect 1st step in their Godless plan?

[The fact of the matter is there are evil men that conspire in the world to rule the world.

The Zionist arm of the Jewish race. This is not to say that all Jews are evil. Absolutely not. This is not hate-filled anti-Semitism, but even honest Jews will have to admit that a certain segment of their race and their culture are known as "Zionists". They have in their mind and in their heart the willingness, the goal, to dominate and rule the world and in doing so to decrease the world population in massive amounts.

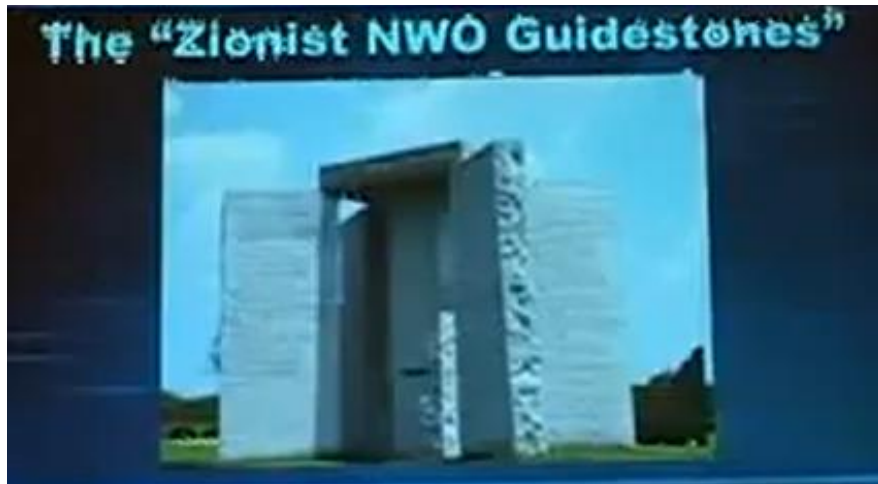

I give you Henry Kissinger's report back in 1974.

I would submit that the Republic of America cannot just co-exist with such a diseased mindset.

The New World Order cannot become reality as long as America is a super-power.]

Slide 34

The "Zionist NWO Guidestones"

[I give you the Zionist New World Order Guidestones located just outside Atlanta, Georgia. Here's a picture of these monolithic Guidstones, so-called.]

Slide 35

Zionist "Blueprints" For NWO

Future world vision consisting of a set of ten guidelines or principles as engraved on the Georgia Guidestones in eight different languages, one language on each face of the four large upright stones. Moving clockwise around the structure from due North these languages are: English, Spanish, Swahili, Hindi, Hebrew, Arabic, Ancient Chinese, and Russian. The message in English reads:

Maintain humanity under 500,000,000 in perpetual balance with nature.

Guide reproduction wisely – improving fitness and diversity.

Unite humanity with a living new language.

Rule passion – faith – tradition – and all things with tempered reason.

Protect people and nations with fair laws and just courts.

Let all nations rule internally resolving external disputes in a world court.

Avoid petty laws and useless officials.

Balance personal rights with social duties.

Prize truth – beauty – love – seeking harmony with the infinite.

Be not a cancer on the earth – Leave room for nature – Leave room for nature.

[It's what they hope to see accomplished for their plan for Mother Earth, Planet Earth, the Goddess Gia, as they call it.]

Slide 36

The China Connection

Notice the Zionist's #1 OBJECTIVE is to reduce the Earth's Population from its current 6.7 billion to just 500 million.

Just exactly HOW are these wise humanitarian leaders going to accomplish this amazingly decadent goal?

Would they hesitate to use a well-documented biological agent such as the 1918 pandemic influenza virus to achieve their desire for rule?

Would they seek to camouflage their newly resurrected 1918 virus "super-biological weapon: and blame it on an emergent "bird flu" when it is deployed?

Would they use their Chinese lackeys to initiate the plot, just as they used them to build intercontinental rail-roads in America??

[How does China fit into this? What's the China connection, besides being the place where Sanofi-Pastor is manufacturing 100 million dosages for America's population?

Dr Jeffrey Taubenberger's team at Ft Detrick, that re-created that deadly 1918 virus. Taubenberger's funds came primarily from the Rockefeller Foundation, the same group of people that have erected the Georgia Guidestones. We have them showing the people what their plan is, and on the other hand, covertly, preparing the means to cleanse the earth, re-creating the perfect biological weapon.

How can they cover their tracks for the release of this 1918 pandemic again? They would need to have a scapegoat, an excuse, a camouflage.

Well, I think, yes indeed.]

Slide 37

The China Connection SPEAKS

The following is the actual speech of a text delivered in February, December, 2005 by Comrade Chi Haotian – the Vice-Chairman of China’s Military Commission to top officers and generals. Keep in mind that China has for many years advocated deceitful and covert warfare against its enemies. This is their Modus Operandi. There should be little question that a “Bird Flu” Pandemic would deeply excite them. (Don’t forget how they poisoned thousands of American pets and knowingly placed lead paints on toddler’s toys.)

[This wasn’t done by accident, folks, it was done by design and to see what America would do against them. And, you know, nothing has changed, the contracts still keep coming in and we kind of just click our tongues and say, “Oops! We can’t upset the Chinese, because the Chinese have \$1.4 trillion and counting of our Treasury Bills.” They really do control the American economy in a very real way.]

Slide 38

China Speaks

“Comrades, I’m very excited today, because the large-scale online survey sina.com that was done for us showed that our next generation is quite promising and our Party’s cause will be carried on. In answering the question, “Will you shoot at women, children and prisoners of war,” more than 80 per cent of the respondents answered in the affirmative, exceeding by far our expectations.

Today I’d like to focus on why we asked sina.com to conduct this online survey among our people. My speech today is a sequel to my speech last time, during which I started with a discussion of the issue of the three islands [Taiwan, Disoyu Islands and the Spratley Islands – Ott] and mentioned that 20 years of the idyllic theme of ‘peace and development’ had come to an end, and concluded that modernization under the saber is the only option for China’s next phase. I also mentioned we have a vital stake overseas.

[I have confirmed that this speech is accurate from three independent sources. I guarantee you it is accurate. It is true.

Look up sina.com in a search engine or just type it into your computer. It's an absolute China propaganda site, run by the Chinese Communist Party.]

Slide 39

China Speaks

The central issue of this survey appears to be whether one should shoot at women, children and prisoners of war, but its real significance goes far beyond that. Ostensibly, our intention is mainly to figure out what the Chinese people's attitude towards war is: If these future soldiers do not hesitate to kill even noncombatants, they'll naturally be doubly ready and ruthless in killing combatants. Therefore, the responses to the survey questions may reflect the general attitude people have towards war. We wanted to know: If China's global development will necessitate massive deaths in enemy countries; will our people endorse that scenario? Will they be for or against it?

The fact is, our 'development' refers to the great revitalization of the Chinese nation, which, of course, is not limited to the land we have now but also includes the whole world. As everybody knows, according to the views propagated by the Western scholars, humanity as a whole originated from one single mother in Africa. Therefore no race can claim racial superiority. However, according to the research conducted by most Chinese scholars, the Chinese are different from other races on earth. We did not originate in Africa. Instead, we originated independently in the land of China. Therefore, we can rightfully assert that we are the product of cultural roots of more than a million years, civilization and progress of more than ten thousand years, an ancient nation of five thousand years, and a single Chinese entity of two thousand years. This is the Chinese nation that calls itself 'descendants of Yan and Huang.'

Slide 40

China Speaks

During our long history, our people have disseminated throughout the Americas and the regions along the Pacific Rim, and they became Indians in the Americas and the East Asian ethnic groups in the South Pacific. We all know that on account of our national superiority, during the thriving and prosperous Tang Dynasty our civilization was at the peak of the world. We were the centre of the world civilization, and no other civilization in the world was comparable to ours. Later on, because of our complacency, narrow-mindedness and the self-enclosure of our own country, we were surpassed by Western civilization, and the centre of the world shifted to the West.

In reviewing history, one may ask: Will the centre of the world civilization shift back to China? Actually, Comrade Liu Huaqing made similar points in early 1980's. Based on an historical analysis, he pointed out that the centre of world civilization is shifting. It shifted from the East to Western Europe and later to the United States; now it is shifting back to the East. Therefore, if we refer to the 19th century as the British Century and the 20th Century as the American Century, then the 21st Century will be the Chinese Century!! [Wild applause fills the auditorium.]

Slide 41

China Speaks

Our Chinese people are wiser than the Germans because, fundamentally, our race is superior to theirs. As a result, we have a longer history, more people, and larger land area. On this basis, our ancestors left us with the two most essential heritages, which are atheism and great unity. It was Confucius, the founder of our Chinese culture, who gave us these heritages. These two heritages determined that we have a stronger ability to survive than the West. That is why the Chinese race has been able to prosper for so long. We are destined 'not to be buried by either heaven or earth' no matter how severe the natural, man-made, and national disasters. This is our advantage. Take response to war as an example. The reason that the United States remains today is that it has never seen war on its mainland. Once its enemies aim at the mainland, the enemies would have already reached Washington before its congress finishes debating and authorizes the president to declare war. But for us, we don't waste time on these trivial things.

Maybe you have now come to understand why we recently decided to further promulgate atheism. If we let theology from the West into China and empty us from the inside, if we let all Chinese people listen to God and follow God, who will obediently listen to us and follow us? If the common people don't believe Comrade Hu Jintao is a qualified leader, begin to question his authority, and want to monitor him, if the religious followers in our society question why we are leading God in churches, can our Party continue to rule China??

Slide 42

China Speaks

The first pressing issue facing us is living space. This is the biggest focus of the revitalization of the Chinese race. In my last speech, I said that the fight over basic living resources (including land and ocean) is the source of the vast majority of wars in history. This may change in the information age, but not fundamentally. Our per capita resources are much less than those of Germany's back then. In addition, economic development in the last twenty-plus years had a

negative impact, and climates are rapidly changing for the worse. Our resources are in very short supply. The environment is severely polluted, especially that of soil, water, and air. Not only our ability to sustain and develop our race, but even its survival is gravely threatened, to a degree much greater than faced Germany back then.

Anybody who has been to Western countries knows that their living space is much better than ours. They have forests alongside the highways, while we hardly have any trees by our streets. Their sky is often blue with white clouds, while our sky is covered with a layer of dark haze. Their tap water is clean enough for drinking, while even our ground water is so polluted that it can't be drunk without filtering. They have few people in the streets, and two or three people can occupy a small residential building; in contrast our streets are always crawling with people, and several people have to share one room. Many years ago, there was a book titled Yellow Catastrophes. It said that, due to our following the American style of consumption, our limited resources would no longer support the population and society would collapse once our population reaches 1.3 billion. Now our population has already exceeded this limit, and we are now relying on imports to sustain our nation. It's not that we haven't paid attention to this issue. The Ministry of Land Resources is specialized in this issue.

[He's justifying the need for pre-emptive war. It's just like Hitler justified his need for war against Poland and France. Living space.]

Slide 43

China Speaks

But we must understand that the term 'living space' (lebensraum) is too closely related to Nazi Germany. The reason we don't want to discuss this too openly is to avoid the West's association of us with Nazi Germany, which could in turn reinforce the view that China is a threat. Therefore, in our emphasis on He Xin's new theory, 'Human Rights are just living rights' we only talk about 'living' but not 'space' so as to avoid using the term 'living space.' From the perspective of history, the reason that China is faced with the issue of living space is because Western countries have developed ahead of Eastern countries. Western countries established colonies all around the world, therefore giving themselves an advantage on the issue of living space. To solve this problem, we must lead the Chinese people outside of China, so that they can develop outside of China.

Would the United States allow us to go out to gain new living space? First, if the United States is firm in blocking us, it is hard for us to do anything significant to Taiwan and some other countries! Second, even if we could snatch some land from Taiwan, Vietnam, India, or even Japan, how much more living space can we get? Very trivial! Only countries like the United

States, Canada and Australia have the vast land to serve our need for mass colonization.

Slide 44

China Speaks

Therefore, solving the 'issue of America' is the key to solving all other issues. First, this makes it possible for us to have many people migrate there and even establish another China under the same leadership of the CCP. America was originally discovered by the ancestors of the yellow race, but Columbus gave credit to the White race. We the descendants of the Chinese nation are ENTITLED to the possession of the land! It is historical destiny that China and United States will come into unavoidable confrontation on a narrow path and fight. In the long run, the relationship of China and the United States is one of a life-and-death struggle. Of course, right now it is not the time to openly break up with them yet. Our reform and opening to the outside world still rely on their capital and technology. We still need America. Therefore, we must do everything we can to promote our relationship with America, learn from America in all aspects and use America as an example to reconstruct our country.

Only by using special means to 'clean up' America will we be able to lead the Chinese people there. Only by using non-destructive weapons that can kill many people will we be able to reserve America for ourselves. There has been rapid development of modern biological technology, and new bio weapons have been invented one after another. Of course we have not been idle; in the past years we have seized the opportunity to master weapons of this kind. We are capable of achieving our purpose of 'cleaning up' America all of a sudden. When Comrade Xiaoping was still with us, the Party Central Committee had the perspicacity to make the right decision not to develop aircraft carrier groups and focused instead on developing lethal weapons that can eliminate mass populations of the enemy country.

[This speech was given in February, 2005]

And here's where it's really, really, chilling.]

Slide 45

China Speaks

Biological weapons are unprecedented in their ruthlessness, but if the Americans do not die then the Chinese have to die. If the Chinese people are strapped to the present land, a total societal collapse is bound to take place. According to the computations of the author of Yellow Peril, more than half of the Chinese will die, and that figure would be more than 800 million people! Just

after the liberation, our yellow land supported nearly 500 million people, while today the official figure of the population is more than 1.3 billion. This yellow land has reached the limit of its capacity. One day, who knows how soon it will come, the great collapse will occur any time and more than half of the population will have to go.

It is indeed brutal to kill one or two hundred million Americans. But that is the only path that will secure a Chinese century, a century in which the CCP leads the world. We, as revolutionary humanitarians, do not want deaths, but if history confronts us with a choice between deaths of Chinese and those of Americans, we'd have to pick the latter, as, for us, it is more important to safeguard the lives of the Chinese people and the life of our Party.

[..... liberation, in other words, when Communism took over,

Slide 46

China Speaks

The last problem I want to talk about is of firmly seizing the preparations for military battle. The central committee believes, as long as we resolve the United States problem at one blow, our domestic problems will all be readily solved. Therefore, our military battle preparation appears to aim at Taiwan, but in fact is aimed at the United States, and the preparation is far beyond the scope of attacking aircraft carriers or satellites. Marxism pointed out that violence is the midwife for the birth of the new society. Therefore war is the midwife for the birth of China's century."

[..... one blow, means one blow with biological weaponry.

as long as we resolve the United States problem at one blow, our domestic problems will all be readily solved. That is just absolutely chilling. One quick blow will solve the Chinese problem as well.]

Slide 47

In Conclusion

"No country and no people can be free and ignorant at the same time."

- Thomas Jefferson

"The only safe vaccine is the one that is never used."

James Shannon, former NIH Director

“The most dangerous man to any government is the man who is able to think things out – without regard to the prevailing superstitions and taboos. Almost inevitably he comes to the conclusion that the government he lives under is dishonest, insane, intolerable.”

H.L. Mencken

“I haven’t gotten a flu shot and I don’t intend to”.

George W Bush, Presidential Candidate, 2004

[Let’s wrap this together, piece it together. Here the Defence Secretary makes it very clear, that China in 2005, has perfected the ultimate biological weapon. What is that ultimate biological weapon? Anthrax? Smallpox? No. The ultimate weapon is the 1918 flu pandemic. Why? Because 35 per cent of those people that contracted the 1918 virus, that they’re calling the Bird Flu today, 35 per cent of them died. Smallpox on the other hand is about 20 per cent. To give you an example, weaponised smallpox. However, 95 per cent of Americans and people worldwide in 18 – 35 years of age died from the 1918 pandemic. It didn’t really kill the old and infirm, it didn’t kill the pre-pubescent children.

In a plan to take over a society, the elderly can be taken care of, the children are no problem at all. The children are an asset, the children can be programmed. The main thrust of an enemy is to kill the fighting aged, able-bodied, men and women, those that would be drafted, to fight the enemy, either on shore or foreign.

China not only has the technology: we’ve conclusively proven that Sanofi-Pasteur, the Rockefeller architect, the Chinese factories that are controlled and run by the Chinese Party are the ones reproducing this 1918 virus, that would be camouflaged as a “Bird Flu” vaccine.]

Slide 48

In Summation

The “Bird-Flu” is in reality a masterful cover for a very sinister and devious plan to throw America into Martial Law, suspend the Constitution and destroy the REPUBLIC. Never forget that there can be no viral “pandemic” without human design and instigation.

China is designated to be the agent of instigating the “pandemic” destruction.

This is but a stepping-stone in the Illuminati/Zionist “Master Plan” of conquest of Planet Earth. WILL IT SUCCEED?

Is this plan not TREASON in the EXTREME??

[China will be the spear point.

I would remind you that during the American Revolution when Benedict Arnold had a plan where he wasn't successful because he was smoked out, it was sniffed out by those who had their eyes open. Benedict Arnold's plan of treason was exposed. I submit that this is worse than Benedict Arnold's plan of treason. I submit to you that this is the greatest threat ever facing this republic. Will we sit by and idly let it happen? Will we sit by and see the able-bodied men and women of America stricken down with the recreated 1918 deadly virus? Will we sit idly by and say, “This is o.k. It's just part of God's plan for us.”

Will we call for Chinese troops to come in and restore order when the pandemic hits and we have no economy, when quarantined cities are restricted from travel, when we can't buy, sell or trade without getting vaccinated. And if we refuse the vaccine, because we know what it's all about, we'll be in prison like Guantanamo Bay inmates, “domestic terrorists” as they will call us. Will we wait for this to happen? Or will we stand up, right now, today, like Ron Paul has said to make a revolution of love?

I'm here to tell you folks, this is not fiction. This is fact. It's happening.

Just as recently as last month, pictures surfaced of 500 thousand black coffins being delivered to Atlanta, Georgia, and reports of millions of other black coffins ordered by our U.S. government and State governments to be stockpiled.

Folks, you don't put coffins in place unless you're expecting massive deaths. You don't build concentration camps, as I call them, “detention centres”, hundreds of millions of dollars worth of concentration camps, unless there's a purpose for them.

Will the plan succeed?

Here's a plan of action, that hopefully, will make it not succeed.

Slide 49

Plan of Action!

Distribute at least 10 of these DVD's to friends and family.

Write letters to Newspapers, Congress, and Senators.

Purchase products MADE IN AMERICA when at all possible.

Let retailers know WHY you make your purchasing decisions.

Vote with your dollar while you still can.

Today, as I was making this tape – it's Sunday, August, 3rd, 2008; this Friday on August, 8th, 2008, and precisely at 8.08 pm in Beijing, China time, the best athletes in this world will be on stage in Beijing, China at the Olympics. America's best athletes from age 18 - 35, will be showcasing their skills to the world. It's very clear that they'll be entering a realm of toxic pollution they've never seen before, even six months of cleanup has done little to disguise it. I'm sure the athletes of track and field and basketball athletes will have trouble maintaining their lung capacity with the toxic air.

Let me just put out a possibility – and I hope and honestly pray that this doesn't happen but if looking at what the Chinese mindset is: what a perfect opportunity – let me just remind you that the number eight is a symbol of infinity in Chinese symbolism. The number eight is very, very special symbolically to China, especially to the government. The number five is also very special, so when you have five eights, a sequence of five eights, it is literally a symbol of Chinese deification, of Chinese rule, Chinese superiority. It is absolutely no coincidence that they have designed the Olympic Games to begin on 8:08 pm, on the eighth, eighth of 0 eight.

In USA today, on Friday, in the newspaper, they has a section in there of just that subject - that three hundred thousand Chinese couples are getting married on 8:09 pm, of 8, 8, 08, because this link is so symbolically superior to any other day. It's a date of destiny, it's a date of eternal superiority.

There's no better time for the world to be at the stage of China's grandeur that at this coming Friday.

What better time to infect American athletes with this biological agent. What would

happen if America's basketball team, specifically imagine what would happen if LeBron James, Kobe Bryant, Darren Williams, Kevin Garnet, the stars of the NBA all come down with a virus, where they cough blood and die.

Would not this cause a pandemic of great proportions. Would not Americans line up begging for a vaccine to save them.

I hope and pray this doesn't happen. We need prayer. We need God to be involved. We need divine intervention on this.

Again, if this makes sense to you, if it's awakened you to a sense of our situation, take action. Don't sit by and wonder what happened.

I leave this with you and wish you all the best.
